Welcome To Elmcrest And Sangamon

DR. A. H. WEILAND

The Water Conservation Commission in the Central Illinois District in exploring greater sources of water have decided to utilize all of our Farm west of the highway on which is located the heart of our cattle project. While we do not expect this to occur in the immediate future, plans are sufficiently advanced to necessitate us making a change in our operation.

Therefore, we have decided to dispose of all of our Shorthorn cattle with the exception of six or eight of our older cows which, for one reason or another, are unattractive or unsalable. All the rest will be offered at our annual sale on December 14. We anticipate that practically all of them will be safe in calf.

We have made this decision very reluctantly because we have spent a great deal of time and money building the herd up to its present state. However, I hope in some way to be able to continue my life-long interest in Shorthorns which began as a boy out in South Dakota where my father was a Shorthorn breeder since the early 1890's.

Although with natural reluctance, we offer these cattle with great pride and we anxiously await your visit to Elmcrest. We are joined in this sale by our close friends and fellow members of the Sangamon District Ass'n. No finer group of men exists and we recommend their cattle as we do our own.

We look forward to your visit on sale weekend. We'll all do our best to make it a pleasant and profitable one.

Cordially,

Dr. Arthur H. Weiland

Phopachy Huntsman by Kirkton Baronet was imported to Elmcrest in 1952 at a substantial price. He bred long and well at Elmcrest and his influence has been felt throughout the Sangamon District.

For 33 Years Elmcrest Built On Quality

The Elmcrest herd of Shorthorn cattle was founded in 1935 with the purchase of several foundation females and a bull, Helfred Sunlight, from the herd of Fred Hubbell, Des Moines, Iowa. From that time on every effort was made to procure foundation stock of the highest excellence. Top animals of many of the famous herds of this country were purchased regardless of cost.

Through the years I have been most fortunate in having the friendship of some of our top Shorthorn breeders. For instance, Mr. Shorthorn himself, Les Mathers, has been kind enough to advise me through the years in the procurement of many members of the Elmcrest herd. In 1952, I was fortunate enough to accompany him to Scotland, where I purchased about 20 head of females and a very attractive son of Kirkton Baronet, named Phopachy Huntsman.

Later, Roy Watherston, one of the top Shorthorn breeders of Scotland, acted as agent for me in the purchase of numerous other excellent females. Probably one of the most outstanding Shorthorn families to be brought over was accomplished in 1955 when Les Mathers bought for me, Craigeassie Rosewood Peach, that had won the grand championship at the Perth show that year, and also Banchory Ury Maid. Although a high price was paid for these two cows, they were probably two of the best bargains that were ever bought for us because they have

both left outstanding offspring at Elmcrest. Mr. Watherston obtained for me many excellent cattle notable among which was Glamis Mona Crocus, the famous reserve grand champion at Perth and bred to Calrossie Diadem. She delivered Elmcrest Diadem, probably one of the top sons of Calrossie Diadem, and himself the International junior champion in 1961. A number of females selected for us by Mr. Watherston will be sold in the sale.

Through the years we have spared no expense in obtaining bulls of the highest quality which we felt would be improvers. For instance, in 1947 we were fortunate to obtain Kelbourne Banker Royal, the International grand champion bull of that year, at a cost of \$9,100.

In 1952, we imported as a calf Phopachy Huntsman, the son of Kirkton Baronet, at a considerable expenditure. In 1956, we brought Leveldale Capitol to Elmcrest at a price of \$7,000. He was the grand champion at the 1956 Illinois, Ohio and Indiana State Fairs.

In 1959, we procured Leveldale Princeps, 1959 International grand champion at a cost of \$6,700. This bull weighed over a ton and was able to pass on his qualities of size and perfection to his offspring. Many of his daughters sell in the sale and we feel that these young heifers are the finest that we have ever had on the place.

In 1960, came Elmcrest Diadem, the 1961 International junior champion bull. His maternal grand dam, Bapton

Festival Queen, is deserving of particular mention. She and her dam, Bapton Crocus 68th, represented Beef Shorthorns at the Festival of Britain in London in 1961. Besides producing the dam of Elmcrest Diadem's mother, she was also the dam of Bapton Crocus Gem, exported to Louada, also of Bapton Crocus Tenley, exported to Louada, and sold by Louada to Worden's where she dropped Glen Cove Cairnbrogie, the 1961 International grand champion. Bapton Festival Queen was also the dam of Bapton Caruso, champion at Belfast in Dublin in 1957.

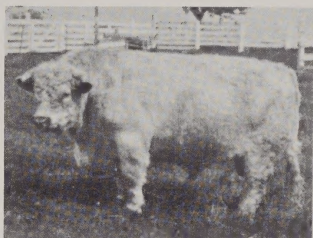

The cross breeding of offspring of Princeps and Diadem have produced some of our most excellent cattle which you will see at our sale. Frankly, we are very loath to part with them.

Latest addition to this long and illustrious series of stock bulls is Burnton Reward by Beaufort Graduate. Elmcrest is happy to share his ownership with Les Mathers and with J. E. "Mike" Klockenga, Emden, Ill.

Reward is the last bull ever to be imported to the United States. He was selected by Les Mathers himself on his most recent trip as the best young bull in Scotland. His sire, Beaufort Graduate, is responsible for most of the winning cattle in Great Britain in the last several years. A number of the females selling carry the service of Burnton Reward.

Leveldale Capitol came to Elmcrest in 1956 at \$7,000. He was grand champion of the Illinois, Ohio, and Indiana state fairs.

Elmcrest White Eagle is by Leveldale Princeps and out of the dam of Elmcrest Diadem, junior stock bull at Elmcrest. This big, white sire is among the best of the breed.

One of the most prolific and profitable families of the breed are the Rosewood Peaches at Elmcrest. They have accounted for Illinois state fair champions, sale tops and a AAA cow. Three of them sell in the Elmcrest dispersion.

LEVELDALE PRINCEPS — He was purchased at the \$6,700 top of the 1959 Leveldale sale. Two weeks later he was named International grand champion bull. He served long and well at Elmcrest and was lost early this fall. His sons and daughters have accounted for many of the Elmcrest champions and sale tops. Further, his daughters make excellent brood cows. Princeps was by the \$35,000 Leveldale Basis and out of the imported Aldie Princess Ciss by Chapelton Baronet. The Elmcrest dispersion presents one of the last opportunities to buy his daughters.

His sire, Beaufort Graduate, has sired many of the most prominent winners in Scotland for the last several years. From the Sale Manager —

For some time it has been apparent that the Elmcrest herd would have to be either dispersed or drastically reduced. Before long a new Illinois watershed program will engulf much of the farm including nearly all the buildings, houses and pastures which form the heart of the cattle operation.

Dr. Arthur Weiland has forstalled this decision as long as possible, but it has finally become inevitable. Everything will be sold with the exception of a half dozen very old cows that are not in sale condition. From the time plans for this sale were begun, Dr. Weiland was adamant that everything sell well along in calf, except of course for young open heifers. You will find the entire herd in top breeding condition on sale day. Should there be the slightest question about any female she will be withdrawn. And, as usual, everything sells under the standard guarantee endorsed by the American Shorthorn Ass'n.

Dr. Weiland is a great lover of good Shorthorns, an active promoter and a grand gentleman. Study the list of former stock bulls. They represent the world's greatest herds and have cost from \$6,700 to \$9,100! Females have been imported at long figures and selected in North America at sale tops.

Here are sound individuals backed with impeccable pedigrees. For the far-sighted Shorthorn or Polled Shorthorn breeder, they present real investments in the future excellence of his own herd.

Study carefully, too, the bulls and females consigned by the other members of the Sangamon association. They have catalogued only their best and theirs are some of the country's strongest herds.

Be sure to join us at the dinner the night before the sale at the Howard Johnson Motel at the east edge of Springfield. It is always one of the most enjoyable gatherings of the breed.

LEVELDALE REASON — By Leveldale Blend, reserve grand champion of the 1966 Illinois State Fair. A good weight for age bull with the Leveldale stamp. He is big, long and smooth.

A Rare Buying Opportunity

There can be little doubt about Elmcrest's pre-eminence among the smaller herds of the nation. For more than 20 years, a succession of the breed's best stock bulls have ruled the pastures and the herd has been further strengthened by several importations from Scotland.

Today the quality of the herd and its nation-wide reputation are an established fact. They have exhibited champions at the Illinois State Fair and the International Livestock Exhibition — the year's two biggest Shorthorn shows. Annually their best are saved for the Sangamon District Sale where they are always the tops. In the hands of others their productions do exceptionally well. For example, John Shuman, Byers, Colo., purchased the top-selling female of the 1966 sale at \$2,050. She was later classified AAA by the American Shorthorn Ass'n and is the dam of the best young bull of 1968 at Colomeadow.

Two years ago Melbourne Farm purchased a draft of young females from Elmcrest. This year they accounted for six of the better females in the Melbourne sale including the \$1100 Elmcrest Marteta sold to Fernwood Farm, Barrington, Ill.

Now this great-producing herd is to be dispersed. There will be no better buying opportunity this fall. And, as usual, each female selling is backed by Elmcrest's unimpeachable reputation for honesty and fair dealing.

For females that can write new history for your herd, be at Elmcrest December 14.

Elmcrest Rosewood Peach 2nd was grand champion at the 1964 Illinois State Fair and reserve All-American. She is a daughter of Leveldale Princeps and sells as Lot 6. A daughter sold to Melbourne in 1966 for \$1,900.

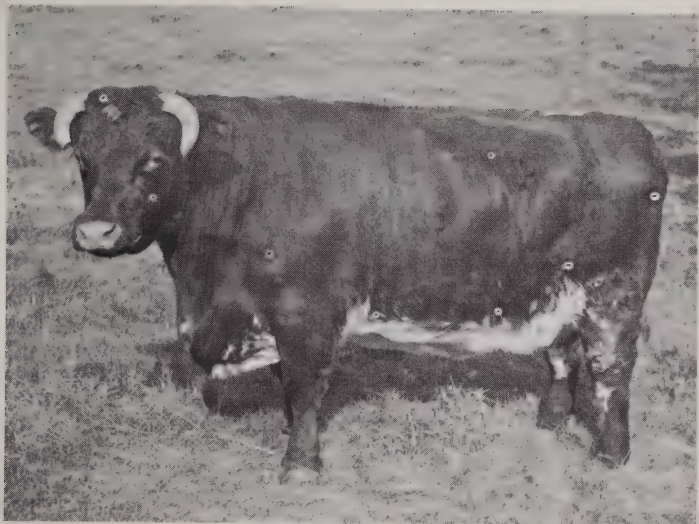

Elmcrest Rosewood Peach 3rd was first prize two-year-old at the 1965 Illinois State Fair. She is a daughter of Leveldale Princeps. She sold for \$2,050 to John Shuman of Colorado in 1966 and later became a AAA female!

Elmcrest Rosewood Peach 4th was second-prize senior yearling at the 1965 Illinois State Fair. She is by Leveldale Princeps and out of the Perth champion Craigeassie Rosewood Peach.

Elmcrest Rosewood Peach 5th was reserve grand champion of the 1966 Land of Lincoln show at the Illinois State Fair. She is by Elmcrest Diadem and out of Craigeassie Rosewood Peach. She sells as Lot 7.

ELMCREST ROSEWOOD PEACH 8th — This is the sixth representative of our wonderful Peach family to be offered for sale and as you well know she was destined to go back in the herd. I doubt that there is a finer family of Short-horn females in America than represented by this Peach family. She was bred to Burnton Reward about October 20.

Brood cows like these are typical of those that sell December 14 from Elmcres Farm. Represented above are imported females from Bapton, Glassel and Crichton.
